## Goddess Worship, Witchcraft and Neo-Paganism (Paperback)

By Craig S. Hawkins

ZONDERVAN, United States, 1998. Paperback. Book Condition: New. New edition. 208 x 132 mm. Language: English . Brand New Book. The twentieth century has seen a remarkable revival of the Old Religion, as adherents of Neo-paganism call the native religious traditions of Europe and tribal traditions from North America that predated Christianity. Many neo-pagan groups identify with Celtic (Druidic), Egyptian, Native American, Norse, or Roman traditions; others with modern science-fiction motifs; and still others with witchcraft. Neo-paganism is occultic in nature. A central figure in much of Neo-paganism is the Mother Goddess, who has been introduced and worshiped among certain feminists even in some mainline Protestant churches. This book includes: a concise introduction to the movements, an overview of the movements theology - in their own words, a biblical response, tips for witnessing effectively, a bibliography with sources for further study, a chart comparing the movements beliefs with biblical Christianity, and a glossary.
