It gives in a concise form such information which would otherwise cost much time and labour to obtain. It is a dictionary of culinary technical terms, the names of most food stuffs, food and cookery auxiliaries, condiments and beverages. The work is by no means complete, and I do not wish it to be regarded as such; though I trust by means of it many a difficult question will be answered, and that it will be found a helpful and convenient manual of reference by professional cooks, cookery teachers, managers of hotels, clubs, restaurants, and of households.
