Not illustrated. 1853 Excerpt: . . . may be credited; but the safest way in all such cases is to hear a great deal, and believe a small quantity of it. Buffalo, the starting-point from which you reach Niagara, is another of those American cities which were forests, and are streets. When we say there is one here two miles long, it is only necessary to add that it does not contain houses enough to front one-fourth part of such distance, and that the interstices are dotted with a church or two, a stray livery stable, a huge hole where an hotel is to be built, and a pile of ruins where one has just been pulled down. Buffalo is, notwithstanding, a very important place, because, heading as it were, Lake Erie, it may be looked upon as the high road between the west and the east--a turnpike at which an immense quantity of toll is annually taken. You have direct communication from this city with all parts of the Union; with New York direct, a distance of nearly five hundred miles, in the short space of fifteen hours, by what J they term lightning expresses--to the focus of New England, turning off at Albany, a greater distance, in very little more time; while, to the westward, it has a lake navigation exceeding 1450 miles--to say nothing of its interminable communications with innumerable places, by virtue of the Erie canal, to which wondrous construction it mainly owes its great prosperity. Buffalo can boast...
