JUST TOO WEIRD: BISHOP ROMNEY AND THE MORMON TAKEOVER OF AMERICA: POLYGAMY, THEOCRACY, AND SUBVERSION (PAPERBACK)

Progressive Press, United States, 2012. Paperback. Book Condition: New. 244 x 168 mm. Language: English . Brand New Book ***** Print on Demand *****.Presidential candidate Mitt Romney s Mormon tradition is revealed as no real religion but a cult invented by a charlatan, a disguise for a subversive ideology opposing all that is best in the American tradition. The British recruited Mormon leaders into their 19th century plot to break up the US, leading to the cult s strategic occupation of Utah territory. Mormonism has never abandoned its secrecy and its enmity to America. Mitt Romney is the hoped-for figure who will fulfill Mormon prophecy and take over the United States. This book provides warning insights into a possible Romney presidency by exploring over 182 years of Latter-day Saints tradition. As Romney is a notorious liar and flip-flopper, it is useless to examine his political positions at any given moment. He attempts to pose as an ultra-patriot, but his family considered the barbaric Mormon practice of polygamy more important than loyalty to the United States. Romney spent years attempting to recruit for the cult, in which black Americans were regarded as inferior. Although Romney demands an aggressive foreign policy, nobody in his family ever served this country in uniform - although at least one ancestor fought against the Union in the attempted 1857 Mormon secession of Utah. As president, Romney would rely on and build up the Mormon Mafia in the intelligence community. He might try to carry out Mormon Prophet Joseph Smith s apocalyptic White Horse Prophecy, which calls for a Mormon takeover of the United States, followed by a campaign to conquer the world for their theocracy. Every voter needs to read this book.
